

# SOPHIE RUEHR

Ph.D. Candidate

Department of Environmental Science, Policy & Management

University of California Berkeley

email: [sophie.ruehr@berkeley.edu](mailto:sophie.ruehr@berkeley.edu) | website: [sruehr.github.io](http://sruehr.github.io)

## EDUCATION

2020-present; graduating Winter 2025 **University of California Berkeley** Berkeley, CA  
*Ph.D. Candidate in Environmental Science, Policy, & Management*

Coadvised by Trevor Keenan & Manuela Girotto

**“Optimizing water-carbon trade-offs: Plant, ecosystem, and management strategies across scales.”** My dissertation focuses on the coupling of carbon and water cycles in terrestrial ecosystems using remote sensing, eddy covariance flux tower, and machine learning methodologies, with a focus on solar-induced fluorescence, drought and sustainable water management in agricultural systems.

2014-2018 **Yale University** New Haven, CT  
*Bachelor of Science, Geology & Geophysics (cum laude)*

**“A mechanistic investigation of the oasis effect in the Zhangye cropland in semiarid western China.”** For my senior honors thesis, I used surface energy balance theory to partition the observed oasis effect between irrigated cropland and surrounding desert.

## RESEARCH & PROFESSIONAL EXPERIENCE

2024 **Max Planck-Caltech-Carnegie-Columbia MC3<sup>4</sup> Earth Center Postdoctoral Fellow**  
Carnegie Institution, Stanford, CA

Research on the water-saving effects of sustainable agriculture using remote sensing, AI, and biophysical modeling with Drs. Lorenzo Rosa and Jeff Dukes.

2022-present **Sponsored Projects for Undergraduate Research Mentor**  
UC Berkeley, CA

I mentor undergraduate students on senior honor thesis research projects, which have included biomass estimation using remote sensing image classification over an oak savanna, bonsai tree 3D modeling, and science communication on social media.

Spring 2024 **Graduate Student Instructor**  
UC Berkeley, CA

In Ecosystem Ecology, an upper-level undergraduate class led by Professor Dennis Baldocchi, I taught two sections of 35 students each, designed lesson plans, developed assignments, and gave a guest lecture on remote sensing.

2020-2024 **D-Lab Consultant**  
UC Berkeley, CA

At the UC Berkeley D-lab, I consulted graduate students across campus on questions related to data science, statistical methods and coding in R and Python.

2019-2020 **Provincetown Independent Reporter**  
Provincetown, MA

As a reporter for a [weekly newspaper](#), I covered a range of topics, including environmental science, policing, and immigration.

### 2018-2019 **Yale University Huang Fellow**

Port Vila, Vanuatu

I conducted a year-long independent [research project](#) on the historic impacts of climate change, sea level rise, and intensifying cyclones in Vanuatu, a Pacific Island Nation, for use in paleo-climatology research at the Woods Hole Oceanographic Institution.

### Summer 2017 **Woods Hole Oceanographic Institution Fellow**

Woods Hole, MA

I analyzed paleoclimate hurricane dynamics estimated from sediment cores to determine deposition dynamics in a coastal pond.

## FUNDING & FELLOWSHIPS; \$370,000 TOTAL

2024 **Postdoctoral Fellowship in Land-Surface Modeling; \$82,500 annually**

Max Planck-Caltech-Carnegie-Columbia MC3<sup>4</sup> Earth Center

*Up to four years of postdoctoral funding*

2022 **Future Investigators in NASA Earth and Space Science and Technology; \$150,000**

National Aeronautics and Space Administration (NASA)

*Three years of graduate funding*

2022 **FLUXNET Secondment; \$8,000**

FLUXNET

*Research fellowship for 6 weeks at Centro de Investigación Ecológica y Aplicaciones Forestales, Universitat Autònoma de Barcelona, Spain*

2020 **Carol Baird Fieldwork Grant; \$33,000**

University of California Berkeley

*In support of solar-induced fluorescence imaging fieldwork*

2020 **Achievement Rewards for College Scientists Fellowship; \$100,000**

ARCS Northern California Chapter

*Two years of graduate funding*

2018 **Parker Huang Undergraduate Travel Fellowship; \$36,000**

Yale University

*In support of independent paleoclimate research in Vanuatu*

2017 **Karen Von Damm 1977 Fellowship; \$5,000**

Yale University Dept. of Geology & Geophysics

*In support of senior honors thesis field research in Lanzhou, China*

2017 **Summer Student Fellowship; \$8,000**

Woods Hole Oceanographic Institution

*Fellowship on hurricane paleoclimatology research*

## SERVICE

2024- Dept. Environmental Science, Policy & Management Field Safety Committee

2022-2024 UC Berkeley College of Natural Resources LGBTQ+ Coalition

2021-2024 AmeriFlux Diversity, Equity & Inclusion Committee member

2020-2024 UC Berkeley ESPM Graduate Diversity Council member

## AWARDS

2022 **Honorable Mention**

*National Science Foundation Graduate Research Fellowship Program*

2021 **First Place: Science/Technology Reporting**

*New England Newspaper Association*

2021 **First Place: Health Reporting**

*New England Newspaper Association*

2018 **Hammer Prize**

*Yale University Department of Geology & Geophysics*

Awarded for excellence in the oral presentation of the senior thesis

## MENTORING & TEACHING

2024- Eden Gonzalez, UC Berkeley undergraduate student (mentor)

Spring 2024 Ecosystem science, ESPM 111 (graduate student instructor)

2023-4 Adam Rashid, UC Berkeley graduate (mentor)

2022-4 Megan Hur, UC Berkeley undergraduate student (mentor)

2022-3 Tyler Goldstein, UC Berkeley undergraduate student (mentor)

## OUTREACH & JOURNALISM

2023 [FLUXNET blog](#)

2022 [Keenan Group TikTok](#)

2022 [AmeriFlux 25 years data visualization tool](#)

2022 [Berkeley Science Review](#)

2019, 2020 [Provincetown Independent](#)

2019 [InsideClimate News](#)

2019 [WOMR Cape Cod's Outermost Radio](#)

2016, 2018 [Provincetown Banner](#)

## PRESS

2023 [Ask MIT Climate](#)

2023 [Phys.org](#)

## WORKSHOPS

2024 **Center for Climate Sciences Summer School** NASA Jet Propulsion Lab, CA  
*Week-long course on remote sensing and climate modeling at CalTech and JPL*

2024 **Spring Teaching Conference** UC Berkeley, CA  
*Participation in a one-day workshop on teaching, ethics, and inclusion*

2024 **FieldFutures Harassment Prevention Training** UC Berkeley, CA  
*Participation in a full-day workshop on sexual harassment prevention in fieldwork*

2024 **DroneCamp** CSU Monterey Bay, CA  
*5-day field course on mission planning, drone piloting, photogrammetry, and data processing*

2022 **AmeriFlux Field Safety Workshop**  
*Leading a one-day workshop for safety and inclusivity in field work*

2022 **FluxCourse** Nederland, CO  
*Two-week field course on eddy covariance flux data and modeling*

## SKILLS

### Languages

Bislama (advanced), French (advanced), Italian (basic)

### Computer languages

Python, R, MATLAB, Bash, Git

### Software

LaTeX, Wordpress, GIS, ENVI, RStudio, Google Earth Engine

### Field work

Hyperspectral imager deployment, snow depth and water equivalent, GPS survey, sediment core collection and processing, tree diameter measurement, leaf-level physiology measurements, anthropological research methods, eddy covariance flux tower deployment
